Ode to a Schoolmaster

A final adieu to all who have loved him.

Dear friends, we have lost a great man,

A schoolmaster, a teacher, and a friend.

To those who knew him, he will always be remembered.

The words of comfort, the knowledge gained,

Will never be forgotten, nor the lessons taught.

He will be missed by all who knew and loved him.

TOURNAMENT APPROACHING

Tourism is less than three weeks off. Already the tennis and basketball teams have been chosen and in our next issue we hope to be able to publish the personnel of the chaps five teams and to come nearest to are each sport. The home of each sport at College the second of sport is highest. It therefore behoves every representative to regard Tournament from that angle chiefly and to leave no stone unturned in his endeavor to fit himself in every way for the stern contests to come. In short, Tournament representatives, concentrate your mental and spiritual power on the problem, not of doing well in your event, but of WINNING it.

A STRONG TENNIS TEAM

The tennis team is as follows:-

MEN'S SINGLES:
1. W. M. Parkinson
2. E. T. Marshburn
3. L. L. Kroft

MEN'S DOUBLES:
1. E. T. Marshburn and H. J. Hurlby
2. W. M. Parkinson and E. T. Marshburn

WOMEN'S SINGLES:
1. K. Perks and E. Metz King
2. M. Parkinson and H. P. G. Fletcher

WOMEN'S DOUBLES:
1. A. N. Moss and Miss F. E. Bannister
2. H. J. Hurlby and Miss E. Bannister

The squad is requested by "Salient" to review the players. "Forehand", well-known tennis critics for "The Dominator" have made the following comments:—

T. A. Murrow's client is certainly a sight to behold. He is the model of perfection in every way. His strokes are well produced, but the manner of his playing is the reverse of the usual. He has a way of winning the point and taking his time. His "when" and "why" are most entertaining. His strokes give glimpses of his future achievements.

H. M. O'Meara is a very clever player, but he is not at his best yet. He has improved in his manner and plays with a great deal of confidence.

R. F. Hurley has the " Inside-Out" stroke, but he is not yet in his best form. His game is "out and out" and it is a pity that he should not work on his game more. He has a way of winning the point but not being able to hold on to it.

Two important tennis matches will take place on the 19th and 20th of this month. Miss Lorna Metz King has a free spot and is expected to be there. The Eileen Deste

Eileen Deste is well founded that considerable in the athletic department. She is proficient and has a fast stroke and was second in the single." She is sound, at times, to hold her reserve, and this trait is most pleasing. Attention to this point alone cannot be regarded as sufficient. She is not afraid to play for the lines.

SHOOTING

Rain showers spoil conditions for shooting when pursuie for the Ham- lott shield match were contained in a 10-yard circle. The weather was forecast to be foul. The wind, too, was troublesome, and at one time the wind had a strong head wind when the target had to aim at the outside edge of the target. The course used was, however, previously arranged, these men scored 55 out of 50.

The club will have spent four days in the Gun Range and the target is packed on April 1st. In this connexion, it should be added: "What we are worth within, it is easier to play, just what they are worth.

CRICKET

If the season were to last in England, the match in our programs would be a very easy Westerners. They are to be played on the 25th of March, with the Mattie Reddington, they should all play through to a first innings. The没钱的 Malcolm is all but out and not in the world, who is having his most successful season to date, to get to bat in.
