TRANSLATION.

Land between the Rivers Timaru and Katikara.

THERE tenant and tenure of land written on this day the eleventh of May in the year of Our Lord one thousand eight hundred and forty seven is a true consent by us on behalf of the people and children and of all our descendants after us to the sale, giving up and entire abandonment by us of all the lands within the boundaries hereinbefore set forth in this deed of cession of land for the Governor of New Zealand for ever with the streams and all things appertaining to that land, and on the twenty eighth day of February One thousand eight hundred and forty eight, we shall cease occupying and cultivating the place called Turere by the side of the Katikara river and all the places upon which we have worked within the boundaries which are now for the Governor;

These are the boundaries: Commencing at Pirirata's thence along the coast to Waihuru thence to Pitoone thence to Tataramaka thence along the river to Katikara the boundary then follows that river till it reaches a place called Paketo inland thence to Pukutotara thence to Paketaporo until it reaches Purakotomo. When it reaches that place it goes right through the stream to the confines of Kairirigakiti with Timaru's thence following the Timaru river to Manawataramihiti thence along Wellington Carrioting's survey to Motukawa and thence along the survey to Pirirata. The first payment of £200 and the cask of tobacco we acknowledge the receipt of from Mr. McLean.

The second payment of £100 will be received by us or our relatives jointly interested with us in the land now sold on the 30th day of August in the year one thousand eight hundred and forty eight (1848).

The third payment of £100 will be made to us or our relatives jointly interested with us in the land now also agreed given up to the Governor of New Zealand—that is the final payment will be made on the 30th day of August one thousand eight hundred and forty eight (1848).

And we consent that the Governor or some person by him appointed to pay for the land is to arrange about the payments which are to be made after this present one that is whether the amounts which will be due in the next two years shall be paid to us or to our relatives who are absent.

And in consideration of the payments of money set forth in this deed we agree to give up all our lands within the boundaries hereunder written as shown on the plan on the margin hereof and all our lands inland of this which have been surveyed, that is inland of Mangone and all the streams lakes trees and all other things appertaining to the said land to the Governor of New Zealand for ever.

These are the boundaries of the lands which we are now ceding: Commencing at Paritutu thence along the sea coast to Omukutaipari thence to Herewaka thence to Wairotori thence to Wairekeki thence to Waikatoewi thence to Wairaukaura thence to Tapakairua thence to Opunake on to Okurukuru on reaching that place it turns inland along the course of the stream that is of Okurukuru to Huatua thence on inland to Te Roto thence to Te Ahikaukukuto thence to Manawhinau thence to Mangaone thence to Karakawata thence to Puketekete thence to Orakirini to Hangimanui thence to Turangaraua thence to where Tawhai join Tapuwhari thence towards the South along the Tapanuwaru to Paopaoaeanui stream thence along the course of that stream Paopoaeanui to McKaro thence inland along the survey line to Rangarangahau thence to Te Tahanu thence to Ratanamhi thence to Te Ruakoreke thence to Wataoe thence to Pukehina thence to Kiorerenga thence to Te Matakuro thence to Waituna thence to Waipapa thence inland across Paopoaeanui thence across Te Ruakuri thence along the survey line along the survey line Paopoaeanui thence to Te Haringoaitia thence

All of us whose names are attached to this deed of cession agree to the boundaries as described in this deed that is to say the boundaries surveyed by Wellington Carrington the surveyor. Our young men saw the work being done and accompanied the surveyor and assisted him in his work. We know this land to have been the property of our ancestors and from that it descended to us. And now we give it up this day in the presence of the Europeans to be a permanent possession for them [the Europeans] for ever.

And in token of our full consent to all the conditions of this document which has been read over and explained to us by Mr. McLean we do hereunto sign our names.

This Deed of cession of land written on this the 11th of October in the year of our Lord One thousand eight hundred and forty seven is a document showing the true consent by the people of Ngamotu for ourselves our people and children and all our descendants after us to sell and entirely give up all our lands within the boundaries hereinafter set forth in this deed of cession of land to the Governor of New Zealand and to all the Governors of this island after him for ever.

And in consideration of this entire giving up of our land the Governor of New Zealand agrees to pay us and our relatives who are absent in other parts of this island the sum of £1300 towards the payment of the consideration money to be divided over three years.

The first payment of £130 we have this day received from Mr. McLaren. The second payment will be received by us or our relatives jointly interested with us in the land now sold on the 11th day of October 1848. The third payment will be made to us or our relatives jointly interested in the land now altogether given up to the Governor that is the final payment will be made on the 11th day of October 1848.

And it will rest with the Governor to divide the money which is to be paid after this present payment which has now been made to us or it will be done by some other European appointed by the Governor to pay for the land that is the payments for the two next years it will be for him (the Governor) or that European to decide whether to pay that money to us or our relatives who are absent.

And in consideration of the payment of money set forth in this deed we consent to give up entirely all our lands within the boundaries given below of which a plan is drawn on the margin hereof and all our lands inland of this which have been surveyed together with the streams lakes trees and all things belonging to those lands to the Governor of New Zealand for ever.

The boundaries of the lands now ceded by us: Commencing at Waitapu thence along the sea coast to Paritutu when it reaches that place it runs straight inland to the survey made by the New Zealand Company’s surveyors thence to Rotokauri when it reaches that place it follows that survey through the bush to Mangore where it reaches that place it runs towards the sea along the Mangore to Taranakihanga that is to the side of our old pa of Ngararaha thence to the junction of the Mangore with the Whakakahu thence along the Waikakaho to the old survey line at Paipai thence along that survey line to Tehehu when it reaches the Tehehu stream it turns and runs inland to the Rongi
when it reaches Whangaia it turns towards the South and goes to Havehawe thence inland to Waerengopa then along that survey in a Westerly direction to Okari, when it reaches that place it runs towards the sea till it reaches Harakeke thence to Takapo and from thence to the mouth of Te Waitapu.

And the Governor agrees to reserve for us certain lands within the boundaries which have been herein set forth and surrendered altogether to him: that is to say which have been surveyed and agreed upon by ourselves and Mr. McLean for us. Some of our young men were present at the survey of the lands described in the plan attached to this deed and we know all these lands.

These are the reserves which were surveyed:

First at Moturos two hundred acres.
Second at Rotokari two hundred and fifty acres.
Third at Waiwhakaiki four hundred and sixty acres surveyed and laid off for us for ever excepting only the main roads for the Europeans and all people which roads are allowed over these reserves whenever it shall please the Governor to lay them off.

And in token of our full assent to the conditions of this deed which has been read over and explained to us by Mr. McLean we hereunto sign our names.

And in token of the consent of the Governor to the conditions of this deed the name of Henry King Resident Magistrate of Taranaki is signed hereunto.

Know all men that we the Chiefs and People of Ngamotu whose names are attached to this Deed, hereby agree, to give and hand over to Queen Victoria and to her descendants the Kings or Queens who may succeed her for ever, that portion of the piece of land which was reserved for us at Waiwhakaiho by Governor Fitzroy, in the year one thousand eight hundred and forty four (1844) a description of the boundaries of which appears below, and a plan of which land has been drawn in the margin of this Deed—that is, this land is for a line of road as a thoroughfare for people and their goods.

And in consideration of our consent to fully and finally cede this portion of our land, the Queen of England, that is to say, the Governor of New Zealand, also agrees to pay us the sum of Seventeen pounds ($17) which money we have this day received from Mr. Parris.

This land has finally gone for a road, our title and our claim and the claim of our relations and descendants is done away with for ever—and it remains a lasting possession for the Queen and her successors, and the Kings or Queens who succeed her for ever. And in testimony of the truth of this conveyance by us for ourselves and all our relations we have subscribed our names and marks to this Deed written at New Plymouth on the sixth (6) day of November, in the year of our Lord, one thousand, eight hundred, and fifty eight ($17).

I HAVE RECEIVED from Mr. McLean and Mr. Cooper two single pounds in money and ten shillings (£2.10.0) in consideration for settling the new boundary of Mr. Smart's land. The particulars of said boundary are written upon the chart attached to this paper, beginning at the place of conference between Messrs. McLean and Cooper and the Natives at the setting of the said boundary and continuing to a hill where is a post, thence to a post at the edge of a clump of trees, descending to a pukatea tree and running on to the confluence of two streams, where there is a post, continuing in the creek till it reaches a swamp, and by the side of that swamp till it reaches to Papa. I have fixed that boundary as a fixed and settled boundary line for the Europeans for ever.

TRANSLATION.
These are the lands that are given up by us to the Governor beginning at the boundary formerly laid down to us by Mr. Spain, at the Kenepuru, running to Porirua, Paatahatunui Horokiri, extending as far as Wainui, then the boundary takes a straight course inland to Pouawa, running quite as far as Pawakataka. There are three places kept in reserve for us, of the land that is given up by us to the Governor—One of them beginning at Te Arataura, running in a straight line inland, then it crosses, and comes out at the house belonging to Mr. Jackson, running along the Water edge.—The other boundary comes as far as Waikawa, and runs straight along the water side until it reaches Te Arataura.—We have this again in reserve, the boundary of which runs from Jackson's house until it reaches the Creek on the side of the cultivated ground of Te Hiko, then it runs straight along that River running straight along at the back of the ridge, then breaking out again to the water side at Papakohai a little outside of the settlement of Oahu. We have this again in Reserve the Boundary of which begins at Tawitiuki, running along the ridge until it reaches opposite the reeds. It then crosses inland according to the plan laid down in the map reaching the Mountains above the Paripari, then it runs along the ridge to Wainui, and if there descends into the Wainui river. It then runs straight along that river to Pouawa running to Wawa- kataka, the part outside of this boundary we still retain as ours. If any of our cultivations that are above Taupo should fall within the boundary of the Governor's Land, they are to be returned to us.
The payments for these lands are these Two thousand pounds in money—One thousand to be given us on the first day of April 1847. Five hundred pounds on the first day of April 1848. Five hundred pounds on the first day of April 1849 which being added together makes Two thousand which concludes the arrangement.

TRANSLATION.

KNOW ALL MEN who see this Deed of land sale which is this day written, that is to say this fifteenth day of May in the year of our Lord one thousand eight hundred and forty nine, that we the Chiefs and people of Ngatiapa of Mangawhero and other places do finally and unreservedly consent on behalf of ourselves our relatives our children and our descendants after us to entirely hand over all these lands of ours the boundaries whereof are here described and are delineated upon the plan of the survey, to Mr.
The boundaries of the land which we now give up are these. The river of Rangitikei on one side the sea on the other, on one of the other sides the river of Turakina thence towards the interior to where our inland boundary adjoins. The whole of the land between Turakina and Whanganui rivers are reserved to be a gathering place for the men of Ngatiapa. The whole of our lands on the northern side of Whanganui we permanently hand over to Mr. McLean. The commencement of the boundary is at the mouth of the Whanganui river, thence following the course of that stream to Tapiripiri thence to Oeta thence proceeding to a place over against the boundary set aside for the Whanganui settlement thence along that boundary to Motukaraka thence to the sea.

The final surrendering.

Now we have met in Council have deliberated upon, bidden farewell to, taken final leave of, and altogether given up the whole of the lands within these boundaries (which have just been recited by Mr. McLean who has conducted all the matters attending this meeting of us and the Europeans) together with all rivers and streams, trees and other productions of the said land to be a permanent possession for the Europeans for ever.

Burial Grounds, &c.

Now in consideration of our final surrender of all these lands of ours to Mr. McLean on behalf of all the Governors of this Island, Mr. McLean by virtue of the authority vested in him on that behalf by the Governor consents to reserve certain places for us the Maoris, viz.

I. First. Mr. McLean consents to our catching cals in the lakes which exist in localities which have not been (are not) drained by the Europeans, that is to say in those large lakes which we have been accustomed to catch cals in formerly.

II. Second. That little piece of ground containing 18 acres where Te Kawana Hakeke is buried in the sand is reserved for us, but the cattle of the Europeans may run upon it.

III. Third. That piece of ground which was surveyed by Te Paka (Park) Surveyor, to which Mr. McLean and we ourselves consented to, viz., Parewani, the boundary of that piece is at Upokotopia thence to Mangararoa thence to To Makari coming out upon the Rangitikei river, this contains about one thousand six hundred acres (1850).

IV. Fourth. That little piece of ground containing 18 acres on the North side of the Rangitikei river, that is to say over against the Pa at To Awahou will be continued to be cultivated by the Maoris in those localities not settled by Europeans for the space of three years at the expiration of such term all such cultivation must be left for the sole use of the Europeans, the day fixed for leaving these cultivations is the 10th of March one thousand eight hundred and fifty two (1852).

V. Fifth. The Pa and cultivation at Turakina bounded on one side by the stream of Maikiri and by the survey line of Barker (? Park) on the other side, this contains about 900 nine hundred acres.

VI. Sixth. That piece at Otukapo which was recommended by Te Wataramuia (teacher) to be kept as an eel fishing station containing fifty 50 acres.

VII. Seventh. A small piece of ground at Waratama close by the karaka (trees) of Aperahama also a small piece close by where Rihiona is to cultivate, these two places are to be occupied during the space of two years after which time they are to lie left entirely for the Europeans.

These all are. Here end all the reserved places, there is no other place where we will establish ourselves upon these lands which have now finally gone to the Europeans. The great surveyed roads only through our reserved lands are consented to by us to be laid out at such time as the Governor shall think fit to order it to be done. These are roads for the Europeans as well as the Maoris.

The Payments.

The payments for the whole of these lands of ours, the boundaries of which have been read aloud by Mr. McLean who has also conducted all the matters relative thereto, are as follows. Two thousand five hundred pounds £2500, one thousand pounds of this sum £1000 has this day that is to say this fifteenth day of May in the year one thousand eight hundred and forty-nine 1849 been paid to us. Five hundred pounds £500 are to be given to us on the fifteenth 15th day of May one thousand eight hundred and fifty 1850. Five hundred pounds £500 are to be given to us on the fifteenth 15th day of May one thousand eight hundred and fifty one 1851. The last payment of five hundred pounds £500 to be made on the fifteenth 15th day of May one thousand eight hundred and fifty two 1852.

That is all. This is the complete conclusion of the payment for our lands. And in testimony of our final consent in the presence of this assembly to all the conditions of this Deed of sale which have just been recited and read aloud to us by Mr. McLean we have subscribed our names and marks.

Also in testimony of the consent of Mr. McLean on behalf of the Governors of...

TRANSLATION.

Listen all people who see or know of this paper giving up or parting with land. Now we the people of Wanganui of Wangaehu of Kai Iwi consent on behalf of ourselves, our relations, children, and all who may be descended of us or succeed us to entirely give up all our lands within the boundaries hereinafter written, the licences of which is shewn on this paper giving up or parting with land to Mr. McLean and on behalf of the Governor of this Island of New Zealand and for all other Governors that may be appointed by the Queen of England to come after him, that is, this land is to be a sure and certain land for ever for the Governor or for such Europeans as he the Governor agrees to give the said land to.

And for as much as we have consented to altogether give up our land within the boundaries which shall be presently written; the places made sacred or reserved for ourselves being always excepted; Mr. McLean consents on the authority given to him by the Governor to pay us One Thousand Pounds (£1,000) in money, which we have received from the hands of Mr. McLean.

Now this is the last or concluding payment which was decided upon by Mr. Spain in the Year One thousand eight hundred and forty four (1844) when he held a meeting with the people of Wanganui respecting the land which he then declared should be for the Directors or principal persons of the New Zealand Company and which sum he Mr. Spain decided should be given in addition to what was given by Colonel Wakefield the Chief or Principal Agent of the said Company now residing in Port Nicholson and which was paid over by Mr. Jennings Wakefield to some of the Chiefs of Wanganui in the year One thousand eight hundred and forty (1840).

Now these are the boundaries of the land which we give up for ever to Mr. McLean for the Governor and which have been shewn and pointed out to us by Mr. Wills and Mr. White the Land Surveyors who accompanied Mr. McLean, that is to Te Mumi to Hapameriko and some other people of Kai Iwi to Pataaro to Honi to Hekomai to Henari to Tataroa and also to Takarangi of Tunuhere to Abraham to Te Mumi and to some other people of Wangaehu which have been marked by stakes holes and other marks and have been seen by those persons who walked the bounds there. The boundary commences at the mouth of the Mowhauau river and from thence to the stake which was driven by Mr. Wills on the south side of Mowhauau and crossing that river it goes in a direct line inland to Wataroa to Matakitaki and crosses the river at Pungawakatore and goes from thence to Otarae and crosses over at Katiaka and goes from thence to Otahukino proceeding thence in a straight line till it crosses the Kai Iwi and from thence until it joins the end of the line at Otawa which was cut by Mr. White and Richard Deighton together with Takarangi and some other natives of Tunuhere commencing at Otawa it proceeds along Mr. White's line through the woods which are now named Tuturua and Tautawa till it reaches the Kabikatae tree named Kiwi and goes thence in a straight line to the river of Wangaehu a little distance below the Pa of Tunuhere and crosses from thence to the first or upper stake of the Native Reserve marked out by Mr. White at Kaiwikiti from thence it proceeds straight to the top of the highest wooded range of hills and continues along the top of that range to Whikupa to the Southern Boundary line cut by Mr. Wills surveyor in the presence of Mr. McLean Abraham and Mumi and the Wangaehu Natives who accompanied them and continues along that line by Wakaekoe Pakepake Puhiitia till it joins the sea.

Now all the land contained within these boundaries excepting the places mentioned in this paper as reserved for ourselves we have wept and signed over hidden farewell to and delivered up for ever to the Europeans; together with the rivers streams trees and all and everything connected with the said land.

1. This is the first reservation for us. All our Eel and Inanga cuts at Wiritia at Paera at Kaitoke at Okai at Oahuru and other streams for fishing Elees within the boundaries which have now been given up to the Europeans.

2. Second. The small wood called "Omanais" close to the Eastern boundary which was surveyed by Mr. Wills and shown by him to Te Mumi of Wanganui and marked on the accompanying plan.

3. Third. A piece of the wood called "Te Marangai" containing nearly eleven acres the boundaries of which have been cut and shown to the Natives by Mr. Wills.
surveyor in the presence of Mr. McLean Abraham and Muni of Wangaehu in one thousand eight hundred and forty six (1846) and of Muni and Mr. John Cameron in one thousand eight hundred and forty eight (1848). The old surveyed line formerly cut by Mr. Thomas and Mr. Shepherd Surveyors to Colonel Wakefield is the south boundary.

4. Fourth. Inland of the Mataraun stream from the stake "Mahoe" (1848) and by the line staked by Mr. Wills in one thousand eight hundred and forty six (1846) and shown by him to Abraham Muni and John Williams in the presence of Mr. McLean. We are to be allowed to cultivate and use the timber on the wooded hills toward Waitapu from which the settlers are also to be allowed to cut and take whatever firewood they may require.

5. Fifth. One section containing one hundred acres of land on the sea side of the lake Tauro as marked out by Mr. Wills and shown to Governor Paiapai in the presence of Mr. John Cameron.

6. Sixth. A large block of land in the neighbourhood of Putiki Wananui. These are the boundaries—Commencing at Te Papa on the South bank of the Wanganui river the boundary there is a Mahoe tree shown by Mr. Wills to George King and other natives of Putiki thence straight along the large survey line which was formerly cut from Te Papa by Colonel Wakefield's Surveyor to a high Titoki stake known by the name of "George King and driven by Mr. Wills in one thousand eight hundred and forty six (1846) and by him shown to Mawae and other natives thence along the line cut by Mr. Wills in the direction pointed out by Mawae together with the Natives Kemp and Ford through the woods (in which numerous trees, stone) and that line westward along the line of sight to a pole known by the name of "Mawae" and driven in by that chief near another large survey line formerly cut by Colonel Wakefield's Surveyors and from that pole straight along the said survey line through the wood named "Te On" and through the swamp behind Putiki Wananui straight to the Wanganui river. This land is shown in the plan given to us by Mr. McLean; however, from this block is excepted a piece of land shown in the accompanying map and on the map given to us by Mr. McLean and containing about twenty nine (29) acres the property of Messrs. Taylor and Wait the boundaries of which as marked on the ground by George King and other natives have been surveyed by Mr. Wills. Our block exclusive of Taylor and Wait's piece contains one thousand three hundred and two (1302) acres.

7. Seventh. A block adjoining the last mentioned block and containing about six hundred (600) acres commencing at Awaru the mouth of the Waitaunui the boundary goes straight across to the Kaiotake stream thence round by the West side of the Kaiotake river until it joins the line in the wood on its bank cut by Mr. Wills in one thousand eight hundred and forty six (1846) together with the Natives Kemp and Ford (sent by Mawae (in the direction pointed out by Kawana Paiapai) along that line it goes straight to a Kahuataa tree also pointed out by them and continuing straight to a pole driven by Paiapai in a hill above the Putiki Swamp thence straight to a pole close to Bell's Bridge on the Waitaunui. This land is shown on the map given to us by Mr. McLean.

8. Eighth. A piece of land on the Sea side of the Furor stream the boundaries of which as marked by the Tahana and others of the Pututokoko tribe have been surveyed by Mr. Wills.

10. Tenth. A block of land about six hundred and fifty (650) acres on the South bank of the Wanganui river commencing at the mouth of the Kukuta stream the boundary goes up that stream to its junction with the Waipukura stream thence it goes up that stream to the end of the lines cut in one thousand eight hundred and forty six (1846), by Mr. White on the Makirikiri stream and shown by him to Tamihana and others of the Pututokoko tribe then down the Makirikiri to its junction with the Upokongaro and down the Upokongaro to its mouth. This land is shown on the map given to us by Mr. McLean. Also the small patch where the Church and other Native houses are erected the boundaries of which were marked by Tamihana and the Tahana of the Pututokoko tribe and which patch has been surveyed by Mr. Wills.

13. Thirteenth. We are allowed to cultivate those portions of the wood known as Ngaturi near Tunuaheare which have not been surveyed by the Surveyors for the use of Europeans, it will however rest with the Governor when Europeans settle near this neighbourhood that the people of Tunuaheare should abandon the last mentioned plantations lest the cultivations may be disturbed by our plantations because we are provided with a large extent of land beyond the European boundary.

TRANSLATION.

This Deed written on this first day of January in the year of Our Lord One thousand eight hundred and sixty eight is a document of the absolute sale giving over full cession and entire giving up by us the Chiefs and people of these tribes Ngapoutama, Ngatiituera, Ngatihinearoe, Ngatihine, Ngatihimenekore, Ngatitukorero, Ngatihingo, Ngatihou and Ngatiopuru whose names are hereunder written. Now this deed witnesseth that we, for ourselves, our relatives and our descendants, by the signing of our names to this document have altogether given up to Victoria the Queen of England to Her heirs the Kings and Queens who may succeed Her and to Her and their assigns in consideration of the sum of money stated in this document to be paid to us by Dr. Featherston Land Purchase Commissioner according to the conditions herein set forth all that parcel of land in the district of Wanganui in the Province of Wellington called Parihiko the boundaries of which are given below with its trees its minerals its waters its large streams its lakes its small streams and everything belonging to that land whether on the surface or under the surface thereof together with all our rights titles and interests in the said land to Hold to Queen Victoria Her Heirs or Assigns for ever. And in token of our consent to all the conditions of this document our names and marks are hereunto appended. And in token of the consent of the Queen of England on Her part to all the conditions of this document the name of Dr. Featherston Land Purchase Commissioner is hereunto attached. These are the boundaries of the land which we have sold: The boundary on the North is Wanganui; the boundary inland and on the South is Mangawhero; the boundary on the East commences at the mouth of Whaitahi and follows the survey line; the boundary on the West commences at the mouth of Matihiti then follows the survey line. The area was estimated at — thousand acres. This is the arrangement as to the price: There will be one price for the portion to be set apart as a town, there will be another price for the suburban portion. The portion for the town is on the bank of the Whanganui one mile in length and one mile in width the area is six hundred and forty acres the price for which is five pounds per acre, the price for the suburban land is one shilling and six pence per acre. Now this is the manner in which the payments will be made the money will not be paid all as once but when the different portions are sold at Government sales then the portions which have been disposed of will be paid for. When the town land is sold then the five pounds will be paid to the Maoris in like manner when the suburban land is sold the one shilling and sixpence will be paid to the Maoris and so on until all the land shall be sold. Now this is the arrangement about the one thousand Pounds which we are to receive it is first to be made up out of the sales and then the moneys arising out of each subsequent sale, are to be divided amongst us. These are the pieces which have been set apart as Reserves for us within the boundaries which we now sell to the Queen: On the Mangawhero side there are two Reserves each of One thousand acres; there is one on the line to Matihiti; there is one on the line to Whaitahi; on the Whanganui side there is Arero-o-te-uru, one hundred acres; the cultivations at Waka-uru-awa on the Whaitahi side, ten acres; the reserves in the town are two the aggregate area of which is six acres and a quarter; there is also the Kahikatea bush said to contain forty acres. These are all the reserves. Now, we all the Chiefs and people making this deed have fully agreed to this manner of payment as a fixed arrangement; we therefore sign our names and make our marks.

The writing of this document on the twenty-second day of March in the year one thousand eight hundred and forty-five is by us the Chief and people of Ngatikahungunu and by Mr. Forsaith, one of the Protectors of Aborigines the person sent here by the Government to arrange about our transgression against the laws of the Queen.

We therefore agree to entirely cease this land to Queen Victoria and Her successors for ever as payment and in compensation for our transgression against Her Law. These are the boundaries of the land now given up, and the same is to be used for their present cultivation. We also agree to return all Mr. Barton’s property which we still have that is everything that is not lost.

We will be for the Governor to tell Mr. Barton to live quietly at this place which has now been given up. No person will ever in the future ask Mr. Barton to pay for this place because this place has been ceded to the Queen as payment for our offence.

And in the event of Mr. Barton going away and returning to his relatives and
another European be sent by the Governor to live on his place we will not go to that person to ask for payment for this and described in this document but we will live on good terms with the Europeans to entertain them.

Now all know people, whether Europeans or Maoris that we agree to all these words and that we write our names and mark on the day above stated for the information of all the Tribes (to show that) we have expiated an offence and made our peace with the Queen.

TRANSLATION OF ENCLOSEMENT.

WE HAVE RECEIVED ON this eleventh (11) day of January in the year of our Lord, one thousand eight hundred and sixty-five (1865) the sum of Fifty Pounds (£50.0.0) once told, from Mr. McLean. This is a payment to us for all our claims to the land named in the above Deed, which we have now entirely given up under the shining sun of this day, as a lasting possession to Victoria the Queen of England, or to the Kings or Queens who may succeed her for ever and ever. These are the portions which we reserve as places of residence for ourselves within these boundaries: viz.—

1. At the mouth of the Kairata Stream; the name of the land is "Tawhirimatea," a level spot, and but small in extent. The boundary commences at the mouth of Kairata; thence along the sea coast to Waihiku; thence, turning inland, it runs along the foot of the Ahirava range to Kaikaiaka; thence it descends to the Kairata; and thence to the sea.

2. Another portion is "te Waipunu;" for a cultivation; and the small wood by the side of the Kairata Stream. The Cultivations are for ourselves; the wood for ourselves and the Europeans.

3. Another portion is "te Kakati;" for a cultivation by the side of the Kairata Stream. These are the only portions which we reserve for ourselves within these boundaries.

We have likewise received on this day the sum of Twenty Pounds (£20.0.0) once told from Mr. McLean. This is a payment made to us for a certain piece of land, which we have entirely given up under the shining sun of this day to be added to that at Kairata as a lasting possession to Victoria the Queen of England, or to the Kings or Queens who may succeed her for ever and ever. The boundary on the sound towards the sea commences at "te Maipi;" thence in an easterly direction to Wharetoera, to the boundary on the South side at Waiwhaitia; thence to Pohupara; thence to Tarangaakura; thence to Rahou-o-te-Wenuaru; thence to Mahikoro; thence to Kakao-o-Mokaiharrow; thence to Hokemokie thence to te Ruaki; thence to Puke-a-te-Auta; thence to Wai-a-te-Arahe; and meeting the commencement of the boundaries at te Maipi. There are no portions reserved within these boundaries.

In testimony whereof we hereunto affix our names and marks to this Deed at te Ununnu, on the above mentioned day.

Translation.

This paper or deed transferring land, written on this day on the twenty eighth (28) of the days in the month of November in the year of our Lord one thousand eight hundred and fifty four (1854) is a paper of the full and true consent of us the chiefs and people of Ngatiaka- 
hungunu whose names are hereunto subscribed, on behalf of ourselves, our relatives and 
descendants to entirely abandon and transfer a piece of our land of which the principal 
names are Hikawera and Taratahi to Victoria the Queen of England and to the Kings 
or Queens who may succeed Her for ever.

And in consideration of our having agreed entirely to give up this piece of our land, 
Victoria the Queen of England, on her part agrees that we shall be paid the sum of One 
thousand four hundred and fifty pounds (£1450) in money; two hundred pounds 
(£200) of which amount were received by Wiremu Kingi Tutepakihirangi and Hiko te 
Tati in Wellington on the thirteenth day of November 1854; Six hundred pounds 
(£600) of the said amount have been paid in our hands on this day by Mr. McLean; 
and six hundred and fifty pounds (£650) are to be paid to us in the days of January in 
the year 1856, which is to be the full payment to us on account of this land.

The boundary commences at the Ahere, at the boundary of the land sold in the first 
instance to the Queen and runs down the river Waikite to the Ruaamahanga, thence 
up the Ruaamahanga river to Taipu, where it runs inland to Parinuiokuka and on to 
Taumatactono, thence to te Rewa, thence to Whakarei, whence it runs on and falls into 
the Waingawa, and runs up that stream to te Hanga o Hiangatanga, whence it runs 
down the boundary sold to the Queen in the first instance till it reaches the Ahere, 
where the boundaries meet in the Waikite river.

There is but one piece reserved within these boundaries between te Para and 
Waitangi as a site for houses for our making expeditions; this piece is not to exceed 
one hundred acres. This is only the spot retained by us—there is to be no other place 
whatever kept back by us of the whole of this land.

Now we have fully thought over, considered, and bid farewell to, and finally and 
entirely given up this piece of land inherited from our ancestors, with all its rivers, 
streams, lakes, waters, trees, grass, stones, billy places and plains, good places and bad, 
with everything either above or below the soil, and everything connected with the said 
land, which we have fully and finally surrendered under the shining sun of the present 
day, as a sure and lasting possession to Victoria the Queen of England, and to the Kings 
or Queens Her Successors, for ever.

And in witness of our consent to all the conditions of this deed, we have hereunto 
subscribed our names and marks.

And in witness of the consent of the Queen of England, on her part, to all the 
conditions of this deed, Mr. McLean the Land Commissioner of the Government of New Zealand, hath hereunto subscribed his name.

This Deed conveying land dated this day on the twenty-second 23 of the days of August in the Year of Our Lord one thousand eight hundred and fifty five 1855 is a paper of the full and true consent of us the Chiefs and people of the tribe of Ngati-kahungunu, whose names are hereunto attached, for us our relatives and our descendants hereafter to be born to fury and entirely give up a piece of our land to Victoria the Queen of England and to all the Kings and Queens Her Successors for ever.

And for our consenting finally to give up this piece of our land Victoria the Queen of England on her part agrees to pay us One hundred and fifty pounds in money £150. Fifty pounds £50 of this sum were received by Ihata te Makamau, Kenehi and Henare Waimarama at Wellington on the 9th of December 1853 and the balance of One hundred pounds has been this day paid to us by Mr. Cooper. These are all the payments which we are to get for this land which we have this day entirely abandoned to the Queen of England.

The boundary begins at Kokomukahokotahi runs on to Te Araakauri, runs on to Tamaitikiaoto, falls into Teaueru, runs down the Teaueru stream till it reaches Parkeraere, runs on to the Waika, runs on to Kumekumuwhaine, breaks off there runs on to Te Mauri, thence on to the Ruamahanga, breaks off there, follows the Ruamahanga stream to Te Whiro, runs on to Kerekereanui, and on to Kokomukahokotahi, where it joins on to the commencement. If this land is less than a square mile—that is than six hundred and forty acres, 640—we will extend the boundaries until they include six hundred and forty 640 acres.

We have not retained any land within these boundaries for ourselves.

Now we have fully considered, bid edien to and finally and generally up this piece of land inherited by us from our ancestors, with its waters, trees, grass, stones and everything either above or beneath the soil, we have fully and entirely given up as a sure possession to Victoria the Queen of England and to all the Kings and Queens Her Successors for ever.

There are about four hundred acres in that place, when it is surveyed the exact area whether greater or less will be ascertained if less than the amount will be so much less calculated at the rate of three shillings per acre and if
more then it will be so much more calculated at the rate of three shillings per acre. The payment that we have received on this day for that land is Sixty Pounds in money (£60). The boundaries of the land commence at Te Rakau-o-Tamaru, thence it runs inland along the Queen’s boundary to Ngakau then to the Hapuna-potopito, thence to Te Totara, thence inland to Te Koparoa it falls into Ruamahanga and goes on to Te Pare then thence to the Ruamahanga to Te Rakau-o-Tamaru where the boundaries meet. Greytown, Wairarapa, 13th Dec., 1873.

We the undersigned original chiefs of Moroa and Tauherenikau at Wairarapa declare solemnly that in or about the year one thousand eight hundred and fifty three we gave to Mr. Donald McLean for Her Majesty the Queen of England the land at Moroa shown in the sketch in the margin and there colored red that is to say lying between land sold by Rawiri to the Queen and Manihera’s and Wiremu Kingi’s sale of Tauherenikau to the Queen with all its rights above and below the surface and we make this gift in consequence of the satisfaction we felt at the manner in which Mr. McLean had conducted land purchases in the vicinity and the high relative price he had paid to all of us for adjacent lands and we formally made this gift in the presence of our tribes and with the knowledge that we are relinquishing the land for ever. But when we so gave it we believed that we should be entitled to Five pounds per centum of all net proceeds of land sales within the land so given to be returned as “koha” to us as such sales might occur as in the case of the Tauherenikau block.

**Translation.**

We have received from Mr. McLean Five hundred pounds of money £500. This is the money that the Governors of New Zealand agreed to pay us which was written in our large paper or deed transferring land written and agreed to by ourselves and Mr. McLean at our large meeting at Whanganui on the 15th and 16th of the days of May in the year 1849. Subsequently to the writing of the aforesaid Deed it has been agreed that the inland boundary should be altered or taken nearer and it has been decided by Mr. McLean by Mr. Park and his surveyors by Hori te Raungao and the chiefs of the Ngatirangitahi of Ngatiruaokawa of Whanganui and of other places that the inland boundary of the Rangitikei should be fixed at a place named Te Houhou and it goes direct from thence in the direction of Whareora and this is to be a sure boundary for the present sale of land by the Ngatiapa.

Now listen all people assembled at this meeting this is assuredly the last and final payment for our lands and the full completion of all the conditions inserted in the several papers and deeds relating to the transfer of our lands executed and subscribed to by ourselves as well as some of our dead and surviving relatives who have written and concluded the same in the years 1849, 1850, 1851 and by us at this the receipt of the fourth payment or instalment in the present year 1852.

And we shall fully unite with and protect the Europeans who are living with us on our lands whom we esteem in remembrance of our friends now dead in the event of their being at any time disturbed by the people of other tribes.

And having received this Five hundred pounds £500 of money into our hands we hereby sign our names and marks in the presence of this assembly under this sun of the present day of the 22nd of the days of May in the year of our Lord one thousand eight hundred and fifty two 1852.

We have received on this fifteenth (15th) day of December in the year 1855 the sum of £27 in money, which Mr. McLean has paid to us. This is in payment for a certain piece of land which we have given in to the European’s boundary, at Kai hiwi; and for certain cultivations and clearings of ours at Okihore, and other little detached pieces; all of which we have under the shining sun of the present day, given up as a lasting possession to Victoria the Queen of England and to the Kings and Queens Her Successors for ever and ever. The boundary begins at the mouth of the Mowhanau and runs on to the pole at Whataora thence to the pole at Matatiki; thence to Punngawakatoro (Peake’s Bush), where it strikes a tataka tree standing in the cleared place on the top of the hill: it then crosses the gully of Otarehu thence to the pole at Otamatae, crossing the gully of Katahi and striking a kaikatea (white Pine) tree at Otakahino; thence to a kaikatea (Manuka) tree which stands above the Okihore stream; it then runs up the hill and down the other side to Kai hiwi, thence it follows up the stream to Otawa where it joins the boundary running from Tunahauere Wherefore we have hereinafore signed our names and marks, at Whanganui, on the 15th of December 1855.

TRANSLATION.

We have received on this day on the twentieth (19) of the days of September in the Year of our Lord One thousand eight hundred and fifty five 1855 the sum of five hundred pounds £500 in money which Mr. Cooper has paid to us. This is the final payment to us for our piece of land which we sold to Mr. McLean on the 1st of September 1853 as a sure and certain possession to Victoria the Queen of England and to all the Kings and Queens her successors for ever. And these five hundred pounds were promised to be paid in the course of our current year. The boundaries of the land which is finally settled for by the present payment are as follows: Beginning at Turakirae the boundary runs on to Orongorongo and up the Orongorongo stream to its source, thence it crosses to Mangatamahine, and runs on to Ngapapaika, thence to Hauaitu, thence to Ngapewa, thence to Rakaia te Rangi, thence in a Northerly direction to te Rere a Mahanga, thence to Tokakammie, thence down the Otavere to the Wairarapa Lake, and the boundary then runs by the Wairarapa Lake to Kiriwai, and then to the salt sea, and thence by the sea coast back to Turakirae. Now this is the final payment to us for these lands. Only the payment (6s per cent on the sales of land by the Crown) which is the first instance promised to us, and the particulars of which payments are set forth in the deed of sale of 1st September 1853—those payments alone are left to be paid to us hereafter. And upon the receipt by us of these five hundred pounds, we have hereto subscribed our names and marks.

THIS DEED written on this seventeenth 17 day of November in the year of our Lord one thousand eight hundred and fifty one 1851, is a paper of the full consent of us the chiefs and the people of Ngati-kahungunu at this meeting assembled whose names are hereunto subscribed on behalf of ourselves our relations and all our descendants who shall be born after us entirely. To give up our land the plan of which is hereunto attached unto Victoria the Queen of England and to the Kings and Queens her successors for ever, and the Queen of England on her part agree to pay us for the said land the sum of one thousand five hundred pounds £1500 of which monies one thousand pounds £1000 has been paid into our hands on this day by Donald McLean, Esquire. The five hundred pounds due is to be paid to us in the days of November in the year of our Lord one thousand eight hundred and fifty two 1852 as a last instalment for that land for ever.

THE BOUNDARIES OF THE LAND.

The boundaries of the land as agreed upon by ourselves at our first meetings for negotiation with Mr. Mclean are these: Commencing at the place where the Tutukuri and Puremu Rivers discharge themselves into the sea, the boundary runs in the Puremu to Tamihimou on reaching which place it runs in the Tutukuri to Ohakau when it leaves the Tutukuri and proceeds along the survey line to Tarea's Post at Umtukir; and along the survey line of Mr. Park the surveyor and ourselves to Kohuru on reaching which place it proceeds to the confluence of the Whakarakeke and Ngaruru rivers thence the boundary runs along the ridge of Te Kaweka to the confluence of the Mangatutu and Mohaka Rivers and on in the course of the Mohaka to Mangawhika and on in the Mangowhata Stream to the Taupou road and along the said road to Titekura and along the said road to Kaiwhaka and in the course of the Kaiwhaka to Opotamauai thence to Waiohunganga to Whanganui-o-rotu thence to our reserve at Te Noho thence to the Kere-o-tawaki where our reserve ends, the boundary continues thence to Te Puia and on to the Puremu River. And we will not permit any Native to molest the Europeans within these boundaries.

At former meetings for negotiation between ourselves and Messr. McLean and Park at Awapuni we agreed to entirely give up all the stony spit from Ruahou to Ahuriri, we also agreed entirely to give up Mataramou, Pukemokimoki being the only portion of Mataramou reserved for ourselves, together with the small piece of land where the children and family of Tarea are buried during such time as it remains unoccupied by the Europeans.

Now we have in our assemblages signed over wept over and hidden farewell to and solemnly consented entirely to give up these lands descended to us from our ancestors with their seas, rivers waters timber and all appertaining to the said land to Victoria the Queen of England for ever.

Now these are the portions reserved for ourselves:

1st. The first: The island in the Whanganui-o-rotu lake named Te Rora-o-kuri.
2nd. The second. The portion surveyed by Mr. Park the surveyor named Whare-rangi as having possession for ourselves. The boundaries of said piece of land commence at Te Noho thence along the survey line to Whakarawarumu turning thence to Ahiiti on reaching which place it runs along the survey line to Kere-o-tawaki and on to Te Noho.
3rd. The third. Five hundred 500 acres at the place called Puketiri with a right to share birds throughout the whole of the forest of Puketiri.

We also agree that the Queen's line of road may be laid off and constructed through our reserves at such times as the Governor of New Zealand shall see fit to commence such roads.

It is agreed that we shall have an equal right with the Europeans to the fish, fowl, wood, musgoes and other productions of the sea and that our canoes shall be permitted to land at such portions of the town as shall be set apart by the Governor of New Zealand as a landing place for our canoes.

And in testimony of our true assent in the presence of this assembly to all the conditions of this Deed which has this day been read over to us by Donald McLean Esquire we hereunto sign our names and marks.

We have received on this eleventh day of March in the year 1858 the sum of five hundred pounds £500 once told from Messrs. McLean and Cooper. This is the balance of the payment for our land which was sold by our relatives at Wellington on the third day of January in the year 1854. On which occasion five hundred pounds were received and it was agreed that the remaining balance should be five hundred pounds, which monies are now given to us on this day. The boundary commences at Te Aratara thence inland to Te Kohioti thence to Taupawatihia and on to Te Ahititi even on to Tringa o Rahunga where it turns in a Southerly direction and runs to Te Rakatuhahua and on to Opone and to the spot where the boundary runs in a S. direction to Wahatara thence to the boundary of the land which has been sold to the Queen of England on to Waikata and thence along the sea side to Aratara. And whereas it was agreed at the above named sale of this land that we should receive a per centage, similar to the per centage given on lands at Wairarapa and we have this day consented to give up the said per centage for over and that we shall never hereafter receive any per centage thereupon; and whereas the reserves to be retained for our use and support were not defined and we have this day in our assembly agreed to the arrangements of Mr. McLean relative to the land to be mentioned below therefore Messrs. McLean and Cooper have given us an additional five hundred pounds once told, making a total of the monies given to us this day of one thousand pounds once told. Now this the land which has been set apart for us. Te Wairangi is the boundary on the South side, the sea side is another boundary, the other boundaries are to be decided by the survey which shall enclose an area of one thousand acres. This only is the portion reserved for us within this block. Now we have now given up this land which descended to us from our forefathers with its lakes, waters, rivers, streams, timber, stones, and all things whatsoever above or below the surface of the earth, all have been entirely surrendered by us under the shining sun of this day to Victoria the Queen of England and to her heirs the Kings or Queens who may succeed her for ever. And in testimony of our consent to all the conditions of this Deed we have hereunto signed our names and marks. Fifty acres have been added to the one thousand acres as a burial place for our dead and for cultivation and also making the total area of our reserve one thousand and fifty (1050) the boundaries of which fifty acres are to be defined by the survey.

This deed dated the 27th day of May in the year of our Lord one thousand eight hundred and fifty nine, is a paper of the full and true assent of us the Chiefs and people of Ngatikahungunu whose names are hereunto subscribed, on behalf of ourselves, our relations and descendants to be born hereafter, to sell and absolutely convey a piece of our land to Victoria the Queen of England and to all the Kings and Queens Her Successors for ever.

And for our consenting to sell this piece of our land, Victoria the Queen of England on her part agrees that our said land shall be paid for with a sum of Three thousand seven hundred pounds £3700, which amount we have this day received from Mr. McLean.

The boundary of this land begins at Taumata o Taonga and runs up the Manga-houhou to the wood which it reaches at Ngatina, thence it runs by Kaitara to Turi o Tauri, thence to Wakapuapakibi, thence it follows the hill to te Umukuri and falls into Waipawa, thence to Makakai, thence to Epeponge, thence to Te Kotanga a Rusipuna, thence to Makaroro, thence to Waithora, thence to Timurangi, thence to Taumata o Mekura, thence along the top of the Raahine to the Rangi a te Atua, Waimaramo, te Atua o Tupukan, Maropera, Tuanarangi, Otamotenuana, and on to Pohatatuhu, thence it runs down the boundary of the land sold to the Europeans down to Otuarua, Otatahui, te Reurenorwhuwihui, to Whakarurawa, and down to Whakauketu, and straight on to Matakihe (Kereu being left out). It then comes down from Matakihe along the boundary of the land which has been sold, to Manganatores, thence to Mangamata and follows said stream to Upokor-o-Paan, thence to Wawarurangi, and runs through the wood called Te Puku to te Kahakata, thence to Taumatakiangowakowake, thence along the hill to Manawupokororo, where it turns and runs to Te Kete, thence to Te Pokiwhi, Takapu Moari, and on to Te Tukuronga, thence to Te Rakau Puli, thence to Ngamoturikate where it falls into the Mangamakua to Mangomoku and so it closes up to Te Maunatanga-o-Taonga, where it ends. The lands contained within these boundaries which we have not sold are these Tutoetetu, Opuna, Haowhenua, Te Wairere, Otamaite, Ekatahi, Kaitaiki, Kawaua, te Kuirapu. These lands are the property of Te Hapukai and his tribes— they do not belong to us and we have accordingly excepted these lands from ours, which we have sold this day.

One piece is to be given back to us out of these lands, one thousand one hundred and fifty acres (1150 ac.) in a place to be pointed out by the Officers of Government hereafter to be surveyed and conveyed by Grant from the Crown to the undermentioned people, that is to say, to Te Moananui, one hundred (100) acres, to Tareha, one hundred (100) acres, to Karatuina-Tahamoa, one hundred (100) acres, to Renata Kaepe, one hundred (100) acres, to Torea Teoreto, one hundred (100) acres, to Teora Kaiwhata, one hundred (100) acres, to Wiremu o Ota, one hundred (100) acres, to Noa Huke, one hundred (100) acres, to Karauria Pupa, one hundred (100) acres, to Urupene Puhara, one hundred (100) acres, to Ihiaia o Ngira, one hundred (100) acres, to Ani Kanara and Tikatitai fifty (60) acres. These are the only pieces (reserved) for us.

Now we have fully and finally considered, wept over and finally bid adieu to those lands inherited by us from our ancestors, which with their rivers, lakes, streams, woods, plains, grass, trees, stones and everything either above or beneath the surface of the soil, we have absolutely conveyed and assured, under the shining sun of the present day, as a lasting possession to Victoria the Queen of England and to all the Kings and Queens Her Successors for ever.

This deed dated this 7th of July in the year of our Lord 1859, is a paper of our full and true consent to entirely convey and surrender a piece of our land to Victoria the Queen of England and to the King of the Queen of the United Kingdom forever.

The boundary begins at the Arakarekare and runs to Otumata, thence to Waikare, Paheropeke, Mangaonge, and on to the river at the Paheukai, to Kaitapararama to Mangaonge, Whangai-Mokopuna, Huruterangti, to Kati a Huikai, to Kahiatera, and Huruterangti, to Rakauwhakatangitangi, to Ota, to Tararatinganaloe, to Maurea, mo Pakiahu, to Motu o te iku, te Ahikerenu, Pakekai, this is above Waipapa, then running down the Waipapa to the sea and by the sea coast to the Arakarekare.

And for our consent to sell convey and assure all the places contained within these lands, Victoria the Queen of England on her part agrees that she shall be paid the sum of $300.
three hundred pounds £300, which amount we have this day received from Mr. McLean. But if the block is found to contain more than 10,000 acres the price is to be extended for the acreage in excess of 10,000, on the completion of the survey.

One piece only within the above boundaries is to be reserved for us on the east side of Moenangi as a dwelling place for us, two hundred acres, the boundaries of which are to be fixed upon by us with the Surveyor, and the landing place for the boats of the Europeans.

And in witness of our assent to the conditions of this Deed we have hereunto subscribed our names.

And in witness of the Queen of England to the conditions of this Deed it has been signed by Mr. McLean, Land Commissioner.

And in consideration of our having consented to this land the Queen of England on Her part agrees to pay to us the sum of four hundred pounds stg. (£400) for our land. We have this day received three hundred pounds (£300) of this money from Mr. McLean and one hundred (£100) yet remains to be paid to us and our relatives at some future period. The boundaries commence at the Raro o Manuwirhi and on from thence to the top of the hill called Whawakanga from thence to Tupu a Tamake from thence to Taumata o Te Rangiaawa and on to Mangoraopa from thence crossing the stream and on to te Urei, thence to the Botoiti thence to the Koko o Manuwirhi thence to the Koko o Patako thence to the Koko o Hikatana aroha to the Ahikaruna thence to Tiakipake thence to Paeroanga thence to Paeros, running thence to the North and on to Ngaparueru, here it follows the boundary of the land transferred to the Queen at Mangawhero and keeps to that boundary till it closes at te Raro o Manuwirhi. One portion of the land within these boundaries is to be returned to us and boundaries are made over to the persons whose names follow, that is to say to William Matau five hundred (500) acres, to More Hora one hundred (100) acres, to Akarata Hineteipu five hundred (500) acres, to Rora daughter of Piripi o Rangikatana two hundred (200) acres making altogether thirteen hundred (1300) acres which are to be secured to the persons named by Crown Grants from the Queen, and these are the only portions of land to be returned to us within these boundaries. The localities of lands so returned are to be determined by the officers of the Queen. And we have duly and sufficiently regretted considered taken leave of and together parted with this land of our ancestors which has descended to us with its rivers, waters, lakes, forests, plains, and vegetation, trees, rocks and every other thing above or below the surface of the land and everything appertaining thereto.

We have under the shining sun of this day made over and fully transferred to Victoria the Queen of England, to be held by Her and all Kings and Queens her descendants as a lasting possession for ever and ever. And in proof of our consent to the conditions specified in this deed we have affixed our names and marks. And in proof of the consent of the Queen of England to the conditions specified in this deed the name of Donald McLean Chief Commissioner for the purchase of Native lands for the Government of New Zealand is affixed.

We have received on this day, the 7th of June 1859 the sum of fifty pounds £50 which Mr. McLean has paid to us. This is a settlement for the land at Okawa, sold by te Moananui and his party at Wellington in January 1854, but in which sale we did not participate, and we have now finally conveyed this land in perpetuity to Victoria the Queen of England and to the Kings and Queens her successors for ever. The boundary of this land begins at Oreore, and follows the edge of the swamp and then goes on shore in a straight line to Ngamahanga, and runs on and descends to Pakihokiko and then falls into the Tutaei and follows that stream to Ngutuwha, then it turns over land to Pakihokiko and thence to Mangaterata and follows that stream to the Okawa, and down the stream to Oreore. Now we have fully considered and bid farewell to and finally given up these lands with all the trees water streams grass and everything either above or below the surface of the soil, as a lasting possession to Victoria the Queen of England and to all the Kings and Queens her successors for ever. In witness whereof we have hereunto subscribed our names.
